M. E. CHURCH DINNER

GIVEN WEDNESDAY EVENING, 400 PEOPLE BEING PRESENT.

RESOLUTIONS ADOPTED

Asking For the Return of Rev. Ford to Maryville—The After-Dinner Addresses.

The basket picnic dinner given in the basement of the First Methodist Episcopal church Wednesday evening, under the management of the Ladies' Aid society, was the crowning social event of the year for this congregation. Over 400 people partook of the dinner and listened to the after-dinner speeches. The invocation was given by Rev. Allen of this city.

Walter Mutz acted as toastmaster. The financial statement of the church was the first thing on the program and was given by the treasurer, Edwin C. Curfman. The toasts responded to were:

"Our Financial Plan," by S. H. Kemp.

"What Has the Membership of the Church a Right to Expect from the Official Board?" George Moore.

"What Has the Official Board a Right to Expect from the Membership of the Church?" by C. C. Corwin.

"The Church Spirit," by Rev. C. H. John.

At the close of Rev. John's speech resolutions complimentary to the pastor, Rev. J. S. Ford, and expressing an unanimous desire of the church for his return by the conference to the pastorate here were read amidst the hearty applause of those present. The demonstration was a great surprise to the pastor, who responded with deep feeling, and then gave his address on the subject announced by the toastmaster, "The Hour of Prayer."

The conference will meet at Brookfield, Mo., commencing September 27, for five days. The resolutions adopted are as follows:

Resolved, That it is the sense of the membership of the First Methodist Episcopal church of Maryville, Mo., that Rev. J. S. Ford, D. D., our present pastor, is the right man in the right place, and that it is the wish of the membership of said church that at the coming session of our conference he be appointed as our pastor for another year.

Resolved, That we regard Rev. J. S. Ford as an able preacher, a faithful and tactful pastor and an earnest Christian gentleman, and that if in the providence of God he is returned as our pastor for another year we pledge to him a loyal and hearty support in his large and helpful undertakings for the church.

STORE WAS ROBBED AT QUITMAN LAST NIGHT

The general merchandise store of William Manorgan at Quitman was broken into some time Wednesday night by robbers. No clues were left, but there are some who are under suspicion.

No money was taken. The following merchandise was reported missing from the store. Ten pairs of men's shoes, six or eight pairs of working shirts, a box of light colored shirts and several other articles.

The handcar for the sectionmen on the Burlington at Quitman was taken, supposedly by the robbers to make their escape with the goods. It is not known whether they went up or down the Burlington, as no Burlington agents saw them.

TO HAVE FIVE HIGH-CLASS ENTERTAINMENTS

Five high grade college entertainments will be put on by the Business college this year. They are the famous Redpath bureau entertainments and are the very best. The opening attraction is the Ladies' Spanish orchestra, of seven musicians and a reader. This attraction will be here the 19th of October. Following in order are: The Evelyn Bargett Concert company, Phidelah Rice, lecturer and impersonator; The Floyds, a trio of famous magicians, and Schildkret's Hungarian orchestra, a very fine company, similar to Roney's Boys, which pleased so immensely.

These entertainments will be given in the new Business college auditorium, which will be ready about October 1st. A hundred tickets have already been sold, and it is expected the entire 400 will be sold long before the opening number of the course. Tickets for the five are worth \$1.50, and single admission will be 50 cents. The tickets are not ready for delivery yet, but any one desiring them may leave their order at Mark's newsstand, the Bee Hive shoe store or the college office.

This entertainment course is a college "booster," and provides the right kind of amusement for students. If it is well received the Business college will make it a permanent feature. Friends of the college and of good clean entertainment should see to it that it is well received, and judging from the list of those who have said they wanted tickets it will be.

Notwithstanding the lateness of the season the reciprocity question is making it very warm in Canada.

Any way, we won't have to pay more than the minimum rate unless we get the water. It's worth that to know that we could have water if we could get it.

They say that in Marken, a little town in Holland, the styles in women's clothing have not changed for two hundred years. How is that for a "get rich quick" scheme?

Senator Bailey announces a final and "irrevocable" determination not to again seek election to the senate. This will be hailed by many in Texas as the realization of a hope long deferred.

The St. Joseph Gazette insists that "tariff revision must be proposed, sponsored and passed by the friends of the protective system." Suppose the laws governing horse stealing, bank robbing and swindling generally were made by the friends of those "systems?"

"The presidential boom for Speaker Champ Clark," says the Burlington Gazette, "is steadily growing in favor with the people. His splendid conduct as speaker of the house of representatives has revealed him as one of the strongest and wisest of the men who have held that exalted position."

The many friends of Representative Booher, who has been seriously ill since his return from Washington, will be glad to learn that he is improving and in a fair way to early recovery. Mr. Booher sticks very closely to his work and the exactions of the long extra session of Congress throughout an unusually hot summer have been very great.

President Taft has made up a list of speaking dates in the west in which he will try to explain to the buyers of woolen clothing and woolen blankets why he refused to sign a bill that would reduce the price of these things and still leave a reasonable profit to the manufacturer. It will take a more ingenious orator than he to satisfy the man who is separated from his money unreasonably.

Frank Gotch got \$22,000 for wrestling Hackenschmidt and the latter got \$11,000 for letting Gotch pull his toe while the promoters got a handsome sum for pulling off a shameful farce. The sports who gave up \$100,000 to see it got a little more experience, and those who are not yet satisfied can go over and see Jack Johnson play with Bombardier Wells, the British fourth rater.

Senator Cummins, the great insurgent of Iowa, says that if the people are satisfied with a president whose allies and supporters on every vital subject are standpatters of the most pronounced type, they can find no better man than Taft. Senator Cummins, for himself, will urge the nomination of a man who stands for progress and who is not controlled by the men who make the trusts and are responsible for the present unsatisfactory conditions.

NEW LAWS ON MARRIAGES AND DIVORCES

New marriage and divorce laws, aimed to strike at the heart of the divorce evil in the United States, have been drafted for introduction in the next Missouri legislature, as well as in the legislatures of the other states of the Union.

Under the proposed statutes, a court having probate jurisdiction may refuse to permit a marriage license to be issued. In this event the affianced parties could not be married.

Parties desiring to be married must make application for a marriage license at least five days before the license shall be issued. The marriage license clerk must immediately post a written notice in his office giving the names and residences of the parties applying therefor. Any person believing the statements of the application are false or insufficient, may file with the court a petition under oath, setting forth the grounds of objection to the marriage.

The court, if satisfied the grounds of objection are prima facie valid, shall issue a rule for the affianced parties to show cause why the license shall not be refused.

FRIENDS SHOWERED THEM WITH RICE

Eldon Irvin, the popular postoffice employe, and Miss Helen Yates of Pattonsburg arrived in the city Wednesday night on the Wabash train. Mr. Irvin returning from his vacation visit in Ravenwood, so he said, and Miss Yates coming to Maryville to visit Miss Hattie Freeman of the Parisian millinery.

Their friends thought otherwise, however, and met them at the train with showers and showers of rice and happy congratulations, as is becoming the arrival of a bridegroom and his bride. They denied all allegations of marriage by their friends and defied the allegations, and continue to deny and defy. However the truth may be, their friends treated them royally and gave them every reason to believe in their good will toward them, and they received the demonstrations in the best of humor.

WILL BE NO FIGHT OVER MOROCCO

Negotiations Now on Are Largely a Matter of Bargaining.

Berlin, Sept. 7.—Foreign Minister Kiderlin-Waechter's statement in conversation with Representative Bartholdt and C. B. Wolfgram, the special ambassadors of President Taft to the unveiling of the General von Steuben monument, in which he said that the Moroccan problem was in a fair way of being settled without recourse to hostilities, and that the negotiations now going on were largely a matter of bargaining, is plainly, repeated in the inspired German newspapers.

The Cologne Gazette says: "We are convinced that Germany and France will not cross swords over the Moroccan question." The foreign minister will deliver Germany's answer to Ambassador Cambon probably today.

HIDES BOMB UNDER HIS COAT

Italian Is Arrested in Connection With Explosions in New York.

New York, Sept. 7.—With a dapper young Italian, believed to be one of the country's master criminals, in their hands, the police spread their nets for the gang of bomb throwers, blackmailers and kidnapers that have terrorized the Italian settlement here for the last four years. Giuseppe Castabile, who was arrested with a dynamite bomb under his coat, was arraigned under the new law, which makes the mere possession of a deadly weapon a felony, but the police hope to prove against him more serious crimes. "In many ways Castabile is the most important prisoner we have ever entertained," said Police Inspector Hughes. "There have been seventeen bomb explosions in the Italian quarters in the last month; how many of these Castabile, who was known as 'The Fox,' and his subordinates are responsible for, I don't know, but we hope to fasten enough on him to remove him from the scene of operations for some time."

The detention of Castabile in \$10,000 bail has proved the value of the "new deadly weapon" law, and for the mere possession of a bomb "The Fox" may be sent to prison for seven years.

Indians Dance Three Days.

Chickasha, Okla., Sept. 7.—On the Wasetta river, eight miles west, 300 members of the Caddo, Delaware and Wichita tribes of Indians for three days have been holding their annual green corn dance. The Indians have been dancing without intermission day and night. When one is exhausted another takes his place in the circle. The festivities closed with the war dance of the chiefs.

Little Girl Stolen From Her Bed.

Madison, Wis., Sept. 7.—Irene Lemberger, seven years old, was kidnaped from her bed during the night, according to the theory of the police. The child, who went to bed with her sister, was missing when her parents arose in the morning. The window had been opened. The Lemberger home is in the midst of the local Italian colony.

Ping Exact Center of Population.

Bloomington, Ind., Sept. 7.—The center of population of the United States, found by census experts to be in this city, has been determined by Professor W. A. Cogshall of the University of Indiana to be a spot beneath one of the windows of a furniture factory in the northwest section of this city.

Proposition for Citizen Army Lost.

Newcastle-on-Tyne, England, Sept. 7.—By half a million votes to 93,000 the Trades Union congress, now in session here, rejected the proposal for the organization of a citizen army. The subject was introduced by the London Glass Blowers' society in the form of a resolution.

GLYCK DRAWS FIRST CLAIM

Foxholm, N. D., Man Gets Big Prize in Berthold Reservation

HOMESTEAD IS WORTH \$10,000

Thousands of Landseekers Brave the Heavy Rain to Attend Drawing That Is Held at Minot, North Dakota. Will Continue Three Days.

Minot, N. D., Sept. 7.—B. E. Glyck of Foxholm, N. D., drew homestead No. 1 in Berthold Indian reservation. The name of the winner was announced by Judge Witten to the thousands of landseekers who assembled here from every corner of the United States and braved a heavy rain to attend the drawing.

The claim drawn by the winner, who has his first choice of the 160,000 acres of fertile soil, is valued at from \$10,000 to \$15,000.

According to the plans of Judge Witten, who is in charge of the drawing, Robert Hanna, young son of Congressman Hanna, walked blindfolded to the center of the huge platform strewn with envelopes promptly at 10 o'clock and picked up an envelope.

Douglas Devine, son of former Governor J. M. Devine, drew No. 2 and the boys are alternating in picking up envelopes. The drawing will continue three days.

No. 2 was drawn by John Wolden of Dilworth, Minn., and No. 3 by Edwin A. Duvall of Minot, N. D. Of the first seventy-three names drawn, fifty-four were those of North Dakota residents and ten from Minnesota.

The lucky ones from other states than North Dakota: No. 4, F. N. Blenshoft, Mount Idaho, Wis.; No. 5, Anna Dodge, Timberlake, S. D.; No. 21, Matt Simons, Grand Rapids, Mich.; No. 23, Thomas W. White, 219 Indiana avenue, Des Moines; No. 36, Hugh McCaffery, Watertown, S. D.; No. 42, Myrtle Williams, Owasco, Ia.

BEATTIE HOPES TO BE FREED

Young Man Accused of Murder Says He Expects Hung Jury at Start.

Chesterfield, Va., Sept. 7.—"Boys, I hope to eat dinner at home Sunday," said Henry Clay Beattie, Jr., as he rested his chin on his hands and peered at the little group of newspaper men gathered on the lawn some fifteen feet away.

"Do you expect an acquittal?" he was asked.

"Well, to be entirely frank with you, I do not at this time. My own guess is a hung jury, seven for conviction and five for acquittal. However, I do expect to get out at the next sitting of court. I am innocent and cannot feel otherwise."

Beattie chatted gayly and seemed glad of an opportunity to talk.

"It is said that Beulah Binford is going on the stage. What do you think of that?"

"I don't know what she would do on the stage," said the prisoner. "She is good looking, that's true, but she has no voice, and so far as I know, no talent. However, boys, I do think that a 'skit' with Beulah and the sheriff, Mr. Gill, would make an immense hit in vaudeville. By the way, it's rather hard on Beulah to hold her all this time and then not let her go on the stand."

"Do you think the defense would have used her?"

"Certainly. Why not? Had she not been held incommunicado in Henry county jail I am positive Mr. Smith would have put her on."

"What do you think of the testimony in rebuttal?"

"Nothing to it," laughed the prisoner. "The witnesses made absolutely no impression on the jury. It's a wonder to me that a certain one of them had not been afraid of being struck dead, he lied so unmercifully."

Beattie Case Takes New Turn.

Richmond, Va., Sept. 7.—All plans of the prosecution in the case of Henry Clay Beattie, Jr., on trial for the murder of his wife, may be changed as the result of a letter received by Prosecuting Attorney Wendenburg from a man who claims to have been an eye witness to the killing of Louise Owen Beattie.

Declines to Perform Astor Ceremony.

Little Compton, R. I., Sept. 7.—The Rev. Frederick L. Brooks, pastor of the Methodist church here, has been asked to officiate at the marriage of Colonel John Jacob Astor and Miss Madeline Talmage Force, and has declined, owing to the restrictions which his church places on the marriage of divorced persons. According to Mr. Brooks, the date of the wedding was set for today and was supposed to occur in Newport.

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth. Wm. Croak, Rochester, N. Y.

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS, Sharou, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good, and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps on coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

UNIONS WILL NOT SANCTION STRIKE

SAY ACTION INJUDICIOUS NOW

International Committee Agrees to
Turn Over Responsibility to Federa-
tion of Illinois Central Shopmen.
Committee Again in Session.

Chicago, Sept. 7.—After members of the international committee, representing unions involved in the dispute with the Illinois Central Railroad company, had refused to sanction a strike of the Federated Shop Employees of the road definite action of any character was deferred until members of the executive board of the International Association of Machinists should meet in this city next Sunday.

The international committee decided that it would be unwise to grant the sanction of the international organization to the threatened strike and agreed to turn over responsibility to the committee of the federation of the Illinois Central shop workmen.

Later, P. J. Conlin, vice president of the International Association of Machinists and member of the conference committee, protested against turning over responsibility to the system federation representatives until the executive board of his organization could be consulted. James O'Connell, president of the machinists, and other members of the board were telegraphed for and they will arrive Sunday. Meantime little change in the strike situation is expected and indications point towards no strike.

The international committee is in session again, seeking to suggest some way to adjust the existing differences without a strike.

WOULD CANCEL COAL CLAIMS

Civil Action Against Frost, Seward and Others to Recover Title.

Juneau, Alaska, Sept. 7.—A. C. Frost of Chicago, formerly president of the Alaska Central railway and former president and promoter of the Chicago and Milwaukee Electric railway, receiver for A. C. Frost & Co.; Hion J. Arnold and forty-six other claimants of the Watson coal land group in the Matanuska district of Alaska have been cited by the Juneau land office to show cause within thirty days why their claims should not be recommended to the commissioner of the general land office for cancellation.

A special agent has filed charges against the validity of each of the claims. The agent alleges:

"That the claimants did not locate and file upon land in good faith, but the locations and filings were made by Frank Watson of Spokane in the interest and for the benefit of A. C. Frost, Henry C. Osborne, Gwyn T. Francis, George A. Ball, Frank Watson, Duncan M. Stewart, O. G. Laberee and others, in pursuance of an agreement and understanding to which the claimants were parties; that they permitted the use of their names for that purpose."

The value of the lands is \$10,000,000. Frost and his associates are alleged to have acted in the interest of the Alaska Central railway.

Rescue Party Baffled by Blizzard.
Tacoma, Wash., Sept. 7.—Baffled by a blizzard that is raging over Mt. Tacoma, the rescue party of six men that started Saturday in search of Leigh Garrett, the Boston student, has returned empty-handed. They went to an altitude of more than 13,000 feet and found many tracks of the young man almost up to that point. It was probable he was driven back down the mountain by the storm and may have plunged into one of the innumerable crevasses.

Low Railroad Rates Are Enjoined.

Minneapolis, Sept. 7.—Judge C. A. Willard of the federal district court temporarily enjoined the railroad commission of South Dakota from enforcing lower railroad rates through legislation approved at the last session of the state legislature. The power of the legislature within its state and of the state railroad commission is blocked by federal authority, pending a hearing.

SWIMS ACROSS THE CHANNEL

Burgess Makes Trip from Dover
to Cape Grisnez in Day.

SECOND SUCCESSFUL ATTEMPT

Captain Matthew Webb Accomplished
the Feat Thirty-six Years Ago and
Yorkshire Man is the First to Du-
plicate It.

London, Sept. 7.—William Burgess, a Yorkshire man, successfully swam the English channel from Dover to Cape Grisnez. The swimmer landed at Cape Grisnez at 10:30 a. m., almost exactly twenty-four hours after leaving Dover.

Burgess has been trying for years to emulate the feat of Captain Webb in 1875 and several times he got within a mile of the goal, only to be swept away by the receding tide.

On this occasion, which Burgess declared would be his last attempt, he started from South Foreland at 10:50 o'clock. A strong tide was flowing and the swimmer had a tough task to get past Goodwin Sands. Four hours after his departure the swimmer was only six miles on his way.

This was the last heard of him until the news of his success in reaching the French shore reached here and considerable anxiety was being felt as to his fate. A heavy fog enveloped the channel and the crossing steamers failed to sight the swimmer.

HUNT FOR REJECTED SUITOR

Kansas City Young Woman Is Mur-
dered in Her Home.

Kansas City, Sept. 7.—Following the murder of Miss Hazel Hardesty in her home in this city, the police are searching for a rejected suitor of Miss Hardesty. The girl and her sister were alone in the house when a knock was heard. Miss Hardesty opened the door. A man rushed in and, without speaking a word, fired a bullet through her brain and fled. A year ago, when she refused to marry an importunate suitor, a bullet was fired through the window of Miss Hardesty's home.

Elmdale, Kan., Sept. 7.—Miss Dewig E. Higwer, who lives in the country near this place, made a confession that she had originated the plan of sending out alarming stories about smallpox in Topeka to prevent people from attending the state fair. She said that she had heard stories about the prevalence of smallpox and felt it her duty to do something to prevent people from attending the fair.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that it is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,
F. G. SHOEMAKER, Sr.

M. E. CHURCH DINNER

GIVEN WEDNESDAY EVENING, 400 PEOPLE BEING PRESENT.

RESOLUTIONS ADOPTED

Asking For the Return of Rev. Ford to Maryville—The After-Dinner Addresses.

The basket picnic dinner given in the basement of the First Methodist Episcopal church Wednesday evening, under the management of the Ladies' Aid society, was the crowning social event of the year for this congregation. Over 400 people partook of the dinner and listened to the after-dinner speeches. The invocation was given by Rev. Allen of this city.

Walter Mutz acted as toastmaster. The financial statement of the church was the first thing on the program and was given by the treasurer, Edwin C. Curfman. The toasts responded to were:

"Our Financial Plan," by S. H. Kemp.

"What Has the Membership of the Church a Right to Expect from the Official Board?" George Moore.

"What Has the Official Board a Right to Expect from the Membership of the Church?" by C. C. Corwin. "The Church Spirit," by Rev. C. H. John.

At the close of Rev. John's speech resolutions complimentary to the pastor, Rev. J. S. Ford, and expressing an unanimous desire of the church for his return by the conference to the pastorate here were read amidst the hearty applause of those present. The demonstration was a great surprise to the pastor, who responded with deep feeling, and then gave his address on the subject announced by the toastmaster, "The Hour of Prayer."

The conference will meet at Brookfield, Mo., commencing September 27, for five days. The resolutions adopted are as follows:

Resolved, That it is the sense of the membership of the First Methodist Episcopal church of Maryville, Mo., that Rev. J. S. Ford, D. D., our present pastor, is the right man in the right place, and that it is the wish of the membership of said church that at the coming session of our conference he be appointed as our pastor for another year.

Resolved, That we regard Rev. J. S. Ford as an able preacher, a faithful and tactful pastor and an earnest Christian gentleman, and that if in the providence of God he is returned as our pastor for another year we pledge to him a loyal and hearty support in his large and helpful undertakings for the church.

STORE WAS ROBBED AT QUITMAN LAST NIGHT

The general merchandise store of William Manorgan at Quitman was broken into some time Wednesday night by robbers. No clues were left, but there are some who are under suspicion.

No money was taken. The following merchandise was reported missing from the store, Ten pairs of men's shoes, six or eight pairs of working shirts, a box of light colored shirts and several other articles.

The handcar for the sectionmen on the Burlington at Quitman was taken, supposedly by the robbers to make their escape with the goods. It is not known whether they went up or down the Burlington, as no Burlington agents saw them.

ENROLLMENT 75 PER CENT LARGER

The enrollment of students for the fall term at the Northwest Normal numbered 176 at noon Thursday. This is an increase of 75 per cent over last year's second day enrollment.

TO HAVE FIVE HIGH-CLASS ENTERTAINMENTS

Five high grade college entertainments will be put on by the Business college this year. They are the famous Redpath bureau's entertainments and are the very best. The opening attraction is the Ladies' Spanish orchestra, of seven musicians and a reader. This attraction will be here the 19th of October. Following in order are: The Evelyn Bargett concert company, Phidela Rice, lecturer and impersonator; The Floyds, a trio of famous magicians, and Schildkret's Hungarian orchestra, a very fine company, similar to Roney's Boys, which pleased so immensely.

These entertainments will be given in the new Business college auditorium, which will be ready about October 1st. A hundred tickets have already been sold, and it is expected the entire 400 will be sold long before the opening number of the course. Tickets for the five are worth \$1.50, and single admission will be 50 cents. The tickets are not ready for delivery yet, but any one desiring them may leave their order at Mark's newsstand, the Bee Hive shoe store or the college office.

This entertainment course is a college "booster," and provides the right kind of amusement for students. If it is well received the Business college will make it a permanent feature. Friends of the college and of good clean entertainment should see to it that it is well received, and judging from the list of those who have said they wanted tickets it will be.

They say that in Marken, a little town in Holland, the styles in women's clothing have not changed for two hundred years. How is that for a "get rich quick" scheme?

Senator Bailey announces a final and "irrevocable" determination not to again seek election to the senate. This will be hailed by many in Texas as the realization of a hope long deferred.

The St. Joseph Gazette insists that "tariff revision must be proposed, sponsored and passed by the friends of the protective system." Suppose the laws governing horse stealing, bank robbing and swindling generally were made by the friends of those "systems?"

"The presidential boom for Speaker Champ Clark," says the Burlington Gazette, "is steadily growing in favor with the people. His splendid conduct as speaker of the house of representatives has revealed him as one of the strongest and wisest of the men who have held that exalted position."

The many friends of Representative Booher, who has been seriously ill since his return from Washington, will be glad to learn that he is improving and in a fair way to early recovery. Mr. Booher sticks very closely to his work and the exactions of the long extra session of Congress throughout an unusually hot summer have been very great.

President Taft has made up a list of speaking dates in the west in which he will try to explain to the buyers of woolen clothing and woolen blankets why he refused to sign a bill that would reduce the price of these things and still leave a reasonable profit to the manufacturer. It will take a more ingenious orator than he to satisfy the man who is separated from his money unreasonably.

Frank Gotch got \$22,000 for wrestling Hackenschmidt and the latter got \$11,000 for letting Gotch pull his toe while the promoters got a handsome sum for pulling off a shameful farce. The sports who gave up \$100,000 to see it got a little more experience, and those who are not yet satisfied can go over and see Jack Johnson play with Bombadour Wells, the British fourth rater.

Senator Cummins, the great insurgent of Iowa, says that if the people are satisfied with a president whose allies and supporters on every vital subject are standpatters of the most pronounced type, they can find no better man than Taft. Senator Cummins, for himself, will urge the nomination of a man who stands for progress and who is not controlled by the men who make the trusts and are responsible for the present unsatisfactory conditions.

NEW LAWS ON MARRIAGES AND DIVORCES

New marriage and divorce laws, aimed to strike at the heart of the divorce evil in the United States, have been drafted for introduction in the next Missouri legislature, as well as in the legislatures of the other states of the Union.

Under the proposed statutes, a court having probate jurisdiction may refuse to permit a marriage license to be issued. In this event the affianced parties could not be married.

Parties desiring to be married must make application for a marriage license at least five days before the license shall be issued. The marriage license clerk must immediately post a written notice in his office giving the names and residences of the parties applying therefor. Any person believing the statements of the application are false or insufficient, may file with the court a petition under oath, setting forth the grounds of objection to the marriage.

The court, if satisfied the grounds of objection are prima facie valid, shall issue a rule for the affianced parties to show cause why the license shall not be refused.

FRIENDS SHOWERED THEM WITH RICE

Eldon Irvin, the popular postoffice employe, and Miss Helen Yates of Pattonsburg arrived in the city Wednesday night on the Wabash train. Mr. Irvin returning from his vacation visit in Ravenwood, so he said, and Miss Yates coming to Maryville to visit Miss Hattie Freeman of the Parisian millinery.

Their friends thought otherwise, however, and met them at the train with showers and showers of rice and happy congratulations, as is becoming the arrival of a bridegroom and his bride. They denied all allegations of marriage by their friends and defied the allegations, and continue to deny and defy. However the truth may be, their friends treated them royally and gave them every reason to believe in their good will toward them, and they received the demonstrations in the best of humor.

WILL BE NO FIGHT OVER MOROCCO

Negotiations Now on Are Largely
a Matter of Bargaining.

Berlin, Sept. 7.—Foreign Minister
Kiderlin-Waechter's statement in
conversation with Representative
Bartholdt and C. B. Wolfgram, the
special ambassadors of President Taft
to the unveiling of the General von
Steuben monument, in which he said
that the Moroccan problem was in a
fair way of being settled without re-
course to hostilities, and that the ne-
gotiations now going on were largely
a matter of bargaining, is plainly re-
echoed in the inspired German news-
papers.

The Cologne Gazette says:
"We are convinced that Germany
and France will not cross swords over
the Moroccan question."
The foreign minister will deliver
Germany's answer to Ambassador
Cambon probably today.

HIDES BOMB UNDER HIS COAT

Italian Is Arrested in Connection With
Explosions in New York.

New York, Sept. 7.—With a dapper
young Italian, believed to be one of
the country's master criminals, in
their hands, the police spread their
nets for the gang of bomb throwers,
blackmailers and kidnapers that have
terrorized the Italian settlement here
for the last four years. Giuseppe
Castabile, who was arrested with a
dynamite bomb under his coat, was
arraigned under the new law, which
makes the mere possession of a deadly
weapon a felony, but the police hope
to prove against him more serious crimes.
"In many ways Castabile is the most
important prisoner we have ever
entertained," said Police Inspector
Hughes. "There have been seventeen
bomb explosions in the Italian quar-
ters in the last month; how many of
these Castabile, who was known as
'The Fox,' and his subordinates are re-
sponsible for, I don't know, but we
hope to fasten enough on him to re-
move him from the scene of operations
for some time."

The detention of Castabile in \$10-
600 bail has proved the value of the
"new deadly weapon" law, and for the
mere possession of a bomb "The Fox"
may be sent to prison for seven years.

Indians Dance Three Days.

Chickasha, Okla., Sept. 7.—On the
Wasetta river, eight miles west, 300
members of the Caddo, Delaware and
Wichita tribes of Indians for three
days have been holding their annual
green corn dance. The Indians have
been dancing without intermission day
and night. When one is exhausted an-
other takes his place in the circle.
The festivities closed with the war
dance of the chiefs.

Little Girl Stolen From Her Bed.

Madison, Wis., Sept. 7.—Irene Lem-
berger, seven years old, was kidnaped
from her bed during the night, ac-
cording to the theory of the police.
The child, who went to bed with her
sister, was missing when her parents
arose in the morning. The window
had been opened. The Lemberger
home is in the midst of the local Italian
colony.

Ping Exact Center of Population.

Bloomington, Ind., Sept. 7.—The
center of population of the United
States, found by census experts to be
in this city, has been determined by
Professor W. A. Cogshall of the Uni-
versity of Indiana to be a spot be-
neath one of the windows of a furni-
ture factory in the northwest section
of this city.

London Glass Blowers' society in the
form of a resolution.

GLYCK DRAWS FIRST CLAIM

Foxholm, N. D., Man Gets Big
Prize in Berthold Reservation

HOMESTEAD IS WORTH \$10,000

Thousands of Landseekers Brave the
Heavy Rain to Attend Drawing That
Is Held at Minot, North Dakota.
Will Continue Three Days.

Minot, N. D., Sept. 7.—B. E. Glyck
of Foxholm, N. D., drew homestead
No. 1 in Berthold Indian reservation.
The name of the winner was an-
nounced by Judge Witten to the thou-
sands of landseekers who assembled
here from every corner of the United
States and braved a heavy rain to at-
tend the drawing.

The claim drawn by the winner,
who has his first choice of the 160,000
acres of fertile soil, is valued at from
\$10,000 to \$15,000.

According to the plans of Judge
Witten, who is in charge of the draw-
ing, Robert Hanna, young son of Con-
gressman Hanna, walked blindfolded
to the center of the huge platform
strewn with envelopes promptly at 10
o'clock and picked up an envelope.

Douglas Devine, son of former Gov-
ernor J. M. Devine, drew No. 2 and
the boys are alternating in picking up
envelopes. The drawing will continue
three days.

No. 2 was drawn by John Wolden
of Dilworth, Minn., and No. 3 by Ed-
win A. Duvall of Minot, N. D. Of the
first seventy-three names drawn, fifty-
four were those of North Dakota resi-
dents and ten from Minnesota.

The lucky ones from other states
than North Dakota: No. 4, F. N.

21, Matt Simons, Grand Rapids, Mich.;
No. 23, Thomas W. White, 210 Indiana

BEATTIE HOPES TO BE FREED

Young Man Accused of Murder Says
He Expects Hung Jury at Start.

Chesterfield, Va., Sept. 7.—"Boys, I
hope to eat dinner at home Sunday,"
said Henry Clay Beattie, Jr., as he
rested his chin on his hands and
peered at the little group of newspa-
per men gathered on the lawn some
fifteen feet away.

"Do you expect an acquittal?" he
was asked.

"Well, to be entirely frank with
you, I do not at this time. My own
guess is a hung jury, seven for con-
viction and five for acquittal. How-
ever, I do expect to get out at the
next sitting of court. I am innocent
and cannot feel otherwise."

Beattie chatted gayly and seemed
glad of an opportunity to talk.

"It is said that Beulah Binford is
going on the stage. What do you think
of that?"

"I don't know what she would do
on the stage," said the prisoner. "She
is good looking, that's true, but she
has no voice, and, so far as I know,
no talent. However, boys, I do think
that a 'skit' with Beulah and the sher-
iff, Mr. Gill, would make an immense
hit in vaudeville. By the way, it's
rather hard on Beulah to hold her all
this time and then not let her go on
the stand."

"Do you think the defense would
have used her?"

"Certainly. Why not? Had she not
been held incommunicado in Henry
county jail I am positive Mr. Smith
would have put her on."

"What do you think of the testi-
mony in rebuttal?"

"Nothing to it," laughed the pris-
oner. "The witnesses made absolute-
ly no impression on the jury. It's a
wonder to me that a certain one of
them had not been afraid of being
struck dead, he lied so unmercifully."

Beattie Case Takes New Turn.

Richmond, Va., Sept. 7.—All plans of
the prosecution in the case of Henry
Clay Beattie, Jr., on trial for the murder
of his wife, may be changed as the
result of a letter received by Pros-
ecuting Attorney Wendenburg from a
man who claims to have been an eye-
witness to the killing of Louise Owen
Beattie.

Declines to Perform Astor Ceremony.

Little Compton, R. I., Sept. 7.—The
Rev. Frederick L. Brooks, pastor of the
Methodist church here, has been
asked to officiate at the marriage of
Colonel John Jacob Astor and Miss
Madelina Talmage Force, and has de-
clined, owing to the restrictions which
his church places on the marriage of
divorced persons. According to Mr.
Brooks, the date of the wedding was
set for today and was supposed to oc-
cur in Newport.

two. Ninety others were saved.

SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly
as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rap-
idly and I was troubled with a terrible itching of the
scalp. My head was full of dandruff, which fell upon
my clothes and kept me continually brushing it off.
While on a visit to Rochester I heard of your Sage and
Sulphur for the hair. I got a bottle and used it. A few
applications relieved the itching, my hair stopped fall-
ing out and gradually came back to its natural color.
It is now a nice dark brown color, soft, glossy and pli-
able. Several of my friends want to use it, and I want
to know what you will charge me for six bottles of it.

MISS E. A. ROSS,
Sharou, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been fall-
ing out and getting quite thin until the top of
my head was entirely bald. About four months
ago I commenced using Sage and Sulphur. The
first bottle seemed to do some good, and I kept
using it regularly until now I have used four
bottles. The whole top of my head is fairly
covered and keeps on coming in thicker. I shall
keep on using it a while longer, as I notice a
constant improvement.

SAY ACTION INJUDICIOUS NOW

International Committee Agrees to Turn Over Responsibility to Federation of Illinois Central Shipmen. Committee Again in Session.

Chicago, Sept. 7.—After members of the international committee, representing unions involved in the dispute with the Illinois Central Railroad company, had refused to sanction a strike of the Federated Shop Employees of the road definite action of any character was deferred until members of the executive board of the International Association of Machinists should meet in this city next Sunday.

The international committee decided that it would be unwise to grant the sanction of the international organization to the threatened strike and agreed to turn over responsibility to the committee of the federation of the Illinois Central shop workmen.

Later, P. J. Conlin, vice president of the International Association of Machinists and member of the conference committee, protested against turning over responsibility to the system federation representatives until the executive board of his organization could be consulted. James O'Connell, president of the machinists, and other members of the board were telegraphed for and they will arrive Sunday. Meantime little change in the strike situation is expected and indications point towards no strike.

The international committee is in session again, seeking to suggest some way to adjust the existing differences without a strike.

WOULD CANCEL COAL CLAIMS

Civil Action Against Frost, Seward and Others to Recover Title.

Juneau, Alaska, Sept. 7.—A. C. Frost of Chicago, formerly president of the Alaska Central railway and former president and promoter of the Chicago and Milwaukee Electric railway; George M. Seward of Chicago, receiver for A. C. Frost & Co.; Hon. J. Arnold and forty-six other claimants of the Watson coal land group in the Manton district of Alaska have been cited by the Juneau land office to show cause within thirty days why their claims should not be recommended to the commissioner of the general land office for cancellation. A special agent has filed charges against the validity of each of the claims. The agent alleges:

"That the claimants did not locate and file upon land in good faith, but the locations and filings were made by Frank Watson of Spokane in the interest and for the benefit of A. C. Frost, Henry C. Osborne, Gwyn T. Francis, George A. Ball, Frank Watson, Duncan M. Stewart, O. G. Labaree and others, in pursuance of an agreement and understanding to which the claimants were parties; that they permit the use of their names for that purpose."

The value of the lands is \$10,000,000. Frost and his associates are alleged to have acted in the interest of the Alaska Central railway.

Rescue Party Effled by Blizzard.

Tacoma, Wash., Sept. 7.—Baffled by a blizzard that is raging over Mt. Tacoma, the rescue party of six men that started Saturday in search of Ralph Garrett, the Boston student, has returned empty-handed. They went to an altitude of more than 13,000 feet and found many tracks of the young man almost up to that point. It was probable he was driven back down the mountain by the storm and may have plunged into one of the innumerable crevasses.

Low Railroad Rates Are Enjoined.

Minneapolis, Sept. 7.—Judge C. A. Willard of the federal district court temporarily enjoined the railroad commission of South Dakota from enforcing lower railroad rates through legislation approved at the last session of the state legislature. The power of the legislature within its state and of the state railroad commission is blocked by federal authority, pending a hearing.

SWIMS ACROSS THE CHANNEL

Burgess Makes Trip from Dover to Cape Grisnez in Day.

SECOND SUCCESSFUL ATTEMPT

Captain Matthew Webb Accomplished the Feat Thirty-six Years Ago and Yorkshire Man is the First to Duplicate It.

London, Sept. 7.—William Burgess, a Yorkshire man, successfully swam the English channel from Dover to Cape Grisnez. The swimmer landed at Cape Grisnez at 10:30 a. m., almost exactly twenty-four hours after leaving Dover.

Burgess has been trying for years to emulate the feat of Captain Webb in 1875 and several times he got within a mile of the goal, only to be swept away by the receding tide.

On this occasion, which Burgess declared would be his last attempt, he started from South Foreland at 10:50 o'clock. A strong tide was flowing and the swimmer had a tough task to get past Goodwin Sands. Four hours after his departure the swimmer was only six miles on his way. This was the last heard of him until the news of his success in reaching the French shore reached here and considerable anxiety was being felt as to his fate. A heavy fog enveloped the channel and the crossing steamers failed to sight the swimmer.

HUNT FOR REJECTED SUITOR

Kansas City Young Woman Is Murdered in Her Home.

Kansas City, Sept. 7.—Following the murder of Miss Hazel Hardesty in her home in this city, the police are searching for a rejected suitor of Miss Hardesty. The girl and her sister were alone in the house when a knock was heard. Miss Hardesty opened the door. A man rushed in and, without speaking a word, fired a bullet through her brain and fled. A year ago, when she refused to marry an importunate suitor, a bullet was fired through the window of Miss Hardesty's home.

Kansas Girls Spread Smallpox Reports

Elmdale, Kan., Sept. 7.—Miss Dewig E. Higwer, who lives in the country near this place, made a confession that she had originated the plan of sending out alarming stories about smallpox in Topeka to prevent people from attending the state fair. She with nine other girls organized the Sunflower Protection club, and each of the girls wrote letters to Kansas newspapers telling of frightful conditions in Topeka. She said that she had heard stories about the prevalence of smallpox and felt it her duty to do something to prevent people from attending the fair.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that all is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,
F. G. SHOEMAKER, Sr.
